About India Boiler Dot Com:

India Boiler do Com is a premium technical training service provider in India & Abroad. We have been offering quality technical training on a wide range of plant engineering topics to the industry since the inception of this organization in the year 2000.

One of our specialties is to customize a training to make it completely plant specific for the engineering personnel to help them develop the skill of identifying opportunities of performance and reliability improvement of their boiler systems.

Apart from offering various training supports, we are also taking different innovative and value added initiatives from time to time for the benefit of the Power and Utility Industries.

If you are interested to get the mail notification from us for such activities in future, then send us your contact details along with name of organization to info@indiaboiler.co.in / info@indiaboiler.in
